Mr. Consoli:

I thank you for your kind letter of 3rd July concerning the late Don Sanders of the now defunct American Gay & Lesbian Atheists Inc.

Don Sanders was a personal friend of mine for many years and he will be sorely missed in both the Gay and Atheist circle of activists here in the United States.

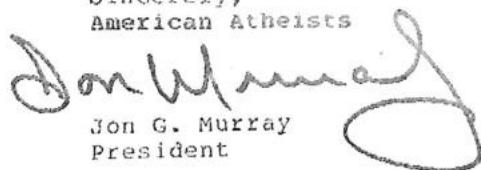

You have my authorization to translate the "In Memoriam" piece that American Atheists did on Mr. Sanders into Italian and also to send it to your address list. I think that Mr. Sanders would have approved of that. If you need additional copies of the "In Memoriam" piece, I can send some to you via air mail. I could also FAX you a copy, if you like, of the entire text of the old American Atheist Magazine article by Mr. Sanders from which I took the quote about Gay ministers having become "Uncle Toms."

I am interested in your mention of an "annual anticlerical meeting" in the town of Fano. What kind of a meeting is that? Can you tell me some of the groups that will be represented there? We desire to make contact with any anticlerical groups, or groups with positions in dissent to religion, anywhere in Europe. Would you be able to take some brochures on American Atheists to that meeting in Fano, even if they are in English, and distribute them for us? We want to establish lines of communication and information exchange with those comrades around the world who are fighting religion in its various forms in their respective countries.

I appreciate your interest and your understanding of Mr. Sander's writings.

Our Fax number is at the bottom of this letterhead.

Sincerely,
American Atheists

Jon G. Murray
President

Dear Jon,
Thank you for your fax. Following this sheet you'll see the program of the 12th Anticlerical Meeting. They have lots of problems and, this year, they weren't even sure to be able to make it until a few weeks ago.

I've called the organizers ~~5 minutes ago~~ to give them your address with the advise to send you "immediately", whatever they can about the meeting, and its history.

I'm going to send you, by air mail, one of their booklets and some other materials, also a few pictures of the Gay Atheists during the Stonewall Pride March that I took during my stay in the USA (I lived 5 years in New York).

Sincerely,
Massimo Consoli
